

Annex 1.2

Technical Data Form

Building Data

BUILDING DATA (To be filled in for each single building of the site)						
Type of building:	Built area		m ²	Year of construction		
Number of floors:	Total floor area		m ²	Clear height:		
Heated area/volume:	m ²	m ³		Operation period	hours/day	days/week
Building envelope						Notes
Wall:	Brick	Concrete	Wood		Isolation	mm
Windows:	Single	Double	Triple			
Window frames	Wood	Aluminum	Plastic			
Roof:	Angled w/attic	Flat	Concrete	Wood	Isolation	mm
Floor towards:	Ground	Unheated basement			Isolation	mm
Heating system						Notes
Energy supply:	District heating	Oil	Natural gas			
	Electricity	Other			Capacity	kW
System	Radiators	Convectors	Other			
	Electricity	Hot water	Other			
	Single pipe	Double pipe				
Thermostatic valves	No	Poor	Modern			
Automatic controls	No	Poor	Modern			
Temperature set back		No	Yes			
Ventilation system						Notes
System	Natural	Exhaust	Balanced			
Operation period h/week						
Heat exchanger	No	Yes	Type			
Automatic control	No	Poor	Modern			

Building Data

(continues)

Domestic hot water system				Notes
Energy supply	District heating	Oil	Natural gas	
	Electric	Other	Capacity kW	
Automatic control	No	Yes	Modern	
Water meter	No	Yes		
Insulation	No	Yes	Modern	
Fans and pumps				Notes
Fans	Number	Operation period h/week		
Pump	Number	Operation period h/week		
Air conditioning system				Notes
Central air-conditioning with intermediate heating fluid				
Central air-conditioning with direct evaporation				
Operation period:	Round the year	Summer		
Airconditioning:	The whole building	Separate zones
